

March 7, 2023

Good morning! It's Zain from 731 and I'm here this Talk A lot Tuesday on behalf of the S.E.A.L Team.

Did you know that today is Unique Name Day? We celebrate this unique holiday on the first Tuesday of the first full week in March. This year falls on March 7. Unique Name Day devoted to people with unusual or uncommon names.

Having a unique name is not only cool but it can also be empowering. It sets you apart from the crowd and helps you stand out. As American author and poet Maya Angelou once said, "I've learned that people will forget what you said, people will forget what you did, but people will never forget how you made them feel." Your unique name can make people remember you and evoke a certain feeling in them. Moreover, it reflects your identity and individuality. Each person's name is special and has a story behind it. It represents their cultural and background and holds a significance that is personal to them. It is important to embrace and celebrate our names and the people we are, as we are all unique and special in our own way.

Thanks for listening have a True Identity Tuesday 😊
