Good morning I.S.201! This is Grace Zhang from class 732, here with you on behalf of the S.E.A.L. Team.

Did you know that today is Games Day? Today you can gather together to play a card game, video game, and so much more! Whether it's online or in person, you can always come together with your family and friends to have lots of fun. This will build your relationship with your loved ones.

Having a game day can also help relieve stress off any school work or life in general. All your classwork, homework, and tests can be incredibly overwhelming, so taking a break and playing your favorite game can actually be much more beneficial than you think.

A nice, relaxing break is just around the corner, so maybe you can play a game such as Scrabble, Monopoly, Chess, or Poker during your free time.

Merry Christmas and Happy New Year!

Thanks for listening and have a Fun Friday 😊
