Good morning I.S.201! This is Amelia from class 631, here with you this Thoughtful Thursday on behalf of the SEAL Team.

The last day of school is a day many students look forward to all year. It is filled with excitement and fun as everyone gets ready for summer break. On this day classes are fun and play games, watch movies or have parties. Friends sign each other's year books and many more fun traditions. Teachers give farewells and goodbyes as we leave. As everyone feels happy and sad to leave, we remember all the fun memories and accomplishments that we've overcome.

Even though it's a fun day. The last day of school can be very sad, when some of the older kids leave it can be super emotional. Some students might miss their friends and teachers. Saying goodbye can feel sad and is hard but it is also a chance to remember all the good memories. Today is also a time to look forward to new adventures. In short, the last day of school is special because it marks the end of one chapter and is the beginning of another.

We will miss you 8th graders. Just remember----Knights so Strong

In your new school, you'll find where you belong. Show respect, be brave, and always care. Great things will happen everywhere!!!

Thanks for listening and have a Time to clock out Thursday 😊¹
