

February 28, 2023

Good morning! It's Zain from 731 and I'm here this Talk A lot Tuesday on behalf of the S.E.A.L Team.

Did you know today is National Science Day? The purpose of National Science Day is to raise awareness of the value of science in society. Science offers answers to the biggest cosmic riddles as well as solutions to common concerns. So, one of the most significant sources of knowledge is science. It highlights the value and applicability of science in our day-to-day life.

We can create new technology, find solutions to real-world issues, and arrive at well-informed judgments both personally and collectively thanks to scientific knowledge.

Thanks for listening have Theoretical Tuesday 😊

SEAL Team pledge:

We are the Dyker S.E.A.L. Team

Positivity is our dream

We teach it every day

To help others live the optimistic way

We learn to control our emotions and feelings

So, we always have effective social dealings

No stone left unturned; no person left behind

Every member of our team has the power to be kind

We spread kindness to our friends, families, and those who need a smile

When facing hardships and adversity, the S.E.A.L. Team goes the extra mile
