

May 22, 2025

Good Morning IS 201! My name is Venice from class 851, and I'm here on behalf of the SEAL Team for this Thoughtful Thursday.

Today let's think about problem solving and why it's so great. Whether it's helping a classmate understand a tough math concept, standing up for what's right, or finding creative ways to make our school a better place, each of us has the power to make a difference. Sometimes, solving problems isn't about having all the answers right away. It's about staying positive, asking for help when you need it, and learning from every step you take. For example, I remember struggling with a group project that wasn't going well at first. But after we sat down, listened to each other's ideas, and worked together, we came up with a plan that really worked. Mistakes are just part of the process, and every step forward counts. So today, let's keep a question in mind, what is one problem, big or small that you can help solve?

Thanks for listening and let's have a Take Initiative Thursday

SEAL Team pledge:

We are the Dyker S.E.A.L. Team

Positivity is our dream

We teach it every day

To help others live the optimistic way

We learn to control our emotions and feelings

So, we always have effective social dealings

No stone left unturned; no person left behind

Every member of our team has the power to be kind

We spread kindness to our friends, families, and those who need a smile

When facing hardships and adversity, the S.E.A.L. Team goes the extra mile
